MI WAY Classroom

Live English quizzes, no internet

The whole class answers on their phones. The teacher sees at once who understood.

Free · No accounts · No ads · Moroccan textbooks ready

How it works

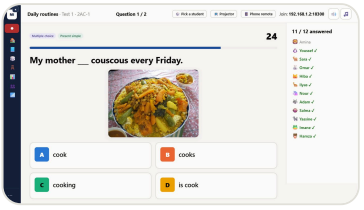

1 Hotspot
The teacher's phone or laptop makes the network. No internet or Wi-Fi needed.

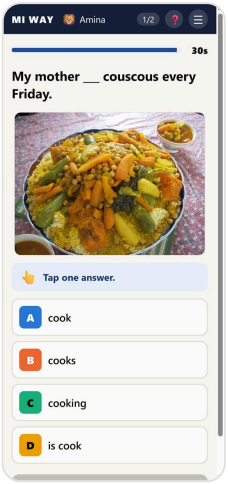

2 One QR code
Students scan and tap their name. Nothing to install, no accounts.

3 Quiz
Answers arrive live on the screen or projector.

Why it helps your teachers

- **Test · Teach · Test:** diagnostic test, targeted remediation, then measured progress.
- **Ready lessons** for Spotlight 1AC–3AC, Outlook, Ticket to English, Gateway, Insights.
- **All skills:** listening, speaking, writing, vocabulary with pictures.
- **No copying:** every question has 4 versions.
- **Tracking:** skill map per student, record book, marks /20, Excel export.
- **Private:** everything stays on the teacher's device. No cloud.

42% → 58% In one Common Core class, same skill, in 3 weeks (3 classes, 91 students, 5,495 answers, Sep–Oct 2026).

A 20-minute demo for a training day

1. Turn on your phone's hotspot and open a ready lesson.
2. Participants scan the QR code and play the students.
3. Run a 5-question quiz: live answers, podium, points to reteach.
4. Show Test 2 and each "student's" progress.
